

Specials

Leybold Vacuum Pump Equipment on Sale

Items in this special include:

Leybold D-65B

Unit **\$4,275**

This pricing is limited by the availability of pumps. The Leybold D-65B Trivac rotary vane pump is oil-sealed, and features pressure-lubricated sliding bearings, high water vapor tolerance and continuous operation even at 1,000 mbar. Oil which is injected into the pump chamber is used for sealing, lubrication and cooling purposes. This pump can be equipped with either a single-phase AC or three-phase AC motor. The D-65B is the standard backing pump for the Leybold Turbovac 1100C turbo pump, which is also on sale. Custom packages of this unit are also available. Please contact us for details and availability. For detailed specifications, please visit our website.
