

Specials

Leybold Vacuum Pump Equipment on Sale

Items in this special include:

Leybold TMP 1100C

Unit **\$11,000**

Leybold TMP 1100C & NT20

Package **\$12,000**

This pricing is limited by the availability of pumps. The Leybold Turbovac TMP 1100C turbo pump features a robust mechanical rotor design, operation and installation in any orientation and the highest pumping speed and throughput. It is also highly reliable due to hybrid ceramic ball bearings, and has the options of water and air cooling. The Leybold Turbotronik NT20 frequency converter controls the 1100C, and features a front panel with membrane keypad and LCD, remote and process control via analog and programmable inputs and a floating connection of external monitoring devices via a terminal strip on the rear. For detailed specifications, please visit our website.
